0969-203-0466

An aspiring web developer with a strong interest in the field of web development, seeking an opportunity to learn and gain hands-on experience and apply my skills. Worked on various web development projects during my time in the university. Able to work independently and as part of a team. Constantly improving my skills and knowledge to become a successful web developer and an asset to a company.

EXPERIENCE

AUGUST 2022 – DECEMBER 2022

WEB APP DEVELOPMENT FOR CAPSTONE PROJECT

Developed AlumTek, a web app that manages the university's College of Computer Studies' alumni affairs.
Tasks: Developed the UI of multiple pages, implemented django's built-in authentication system: login, change password, and forget password, force the user to change password on first login, & UI fixes.

OCTOBER 2021 – DECEMBER 2021

WEB APP DEVELOPMENT FOR APPLICATION DEVELOPMENT PROJECT

Worked on a simple web-based to-do-list app.
Tasks: Developed the UI of a few pages, implemented DOM manipulations, set up MySQL database.

AUGUST 2021 – OCTOBER 2021

HOTEL RESERVATION SYSTEM FOR INFORMATION MANAGEMENT PROJECT

Implemented the back-end side of a pre-built hotel reservation website template.
Tasks: Set up a database, performed the Create, Read, Update, & Delete operations.
